

Worksheet 2015-5EN-00001

PERIMETER

(1) Calculate the perimeter of the following figures.

Assume that the length and width of each square is 1 cm.

Perimeter of A	Perimeter of B	Perimeter of C	Perimeter of D
8 cm	2 cm	16 cm	20 cm

(2) Complete the table.

PERIMETER		LENGTH OF EACH SIDE
(a)	The perimeter of a square is 32cm	8 cm
(b)	The perimeter of a square is 28 cm	7 cm
(c)	The perimeter of a square is 48 cm	12 cm
(d)	The perimeter of a square is 100 cm	25 cm
(e)	The perimeter of a square is 60 cm	15 cm
(f)	The perimeter of a square is 64 cm	16 cm
(g)	The perimeter of a square is 40 cm	10 cm
(h)	The perimeter of a square is 1 m	250 cm
(i)	The perimeter of a square is 400 cm	100 cm
(j)	The perimeter of a square is 52 cm	13 cm
