

Use the footprints of the steps Mum, Dad and Baby walked.

Mum: 

Baby: 

Dad: 

- Number of steps:

Mum: _____

Baby: _____

Dad: _____

- Who walked to most steps?

- Who walked the furthest?

- Is Mum's foot longer or shorter than Dad's?

- How many steps must Baby walk to reach Mum?

- Write who walked shortest first up to longest.

- Write who walked the least steps first up to the most.
